

# Universal Mount With Wear Plate

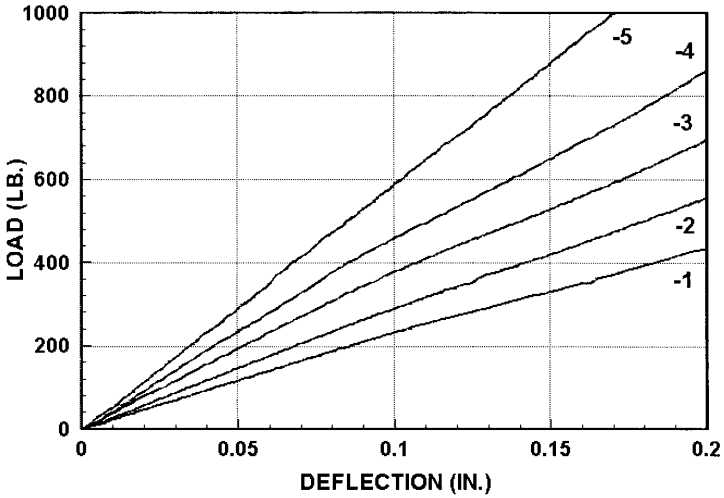

The 60272 Series Universal Mount incorporates a bonded steel wear surface for increased durability and ease of installation. The wear surface eliminates the need for a machined support structure hole. These isolators are manufactured using the same materials as the standard Universal Mounts, and can be used in the same types of applications.

Part Number	Max. Axial Load (Lbs)	Max. Radial Load (Lbs)	Color Code
60272-1	215	40	Yellow
60272-2	360	60	Red
60272-3	490	88	Green
60272-4	860	133	Blue
60272-5	1330	185	White
