

Tech Products Corporation, part of the Stabilus Group, would like to announce it has successfully completed the process of becoming ISO 9001:2015 certified. Certification was awarded by Eagle Registrations Inc. for, ***“The Design, Manufacture and Distribution of Vibration Control and Isolation Systems.”***

In achieving ISO 9001 certification, Tech Products has demonstrated its commitment to being the leader in vibration control solutions and continuing to improve the products and service we provide our customers. The entire staff at Tech Products has always been focused on listening to our customers’ and fulfilling their vibration control needs. Coming together to accomplish ISO 9001 certification is further proof of that commitment and dedication.

Quality Policy

“As the Leader in Vibration Control Solutions, we strive to provide products and services that surpass customer and stakeholder expectations. We will achieve our goal through Superior Quality, Customer Service and Engineering; and with a System of Continuous Improvement.”

During the certification process, our Quality Policy was developed to describe how the quality management system at Tech Products achieves compliance to the ISO standard and provides customers with the products and services they require. Designing superior quality products and demonstrating superior customer service are key elements of that system and ensure continued success and continual improvement.

The staff at Tech Products is proud of achieving certification to the ISO 9001 standard. We look forward to continuing to fulfill the needs of our current customers and developing relationships to provide our superior products to new ones.
