

EU REACH DECLARATION

On June 1, 2007, the European Union Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) entered into force. This Regulation establishes specific duties and obligations for companies in the European Union (EU) that manufacture and import substances on their own, in preparations, or in articles.

As of January, 2019, the European Chemicals Agency (ECHA) had identified 197 “candidate” Substances of Very High Concern (SVHC). The list of current candidate SVHC can be found:

<http://echa.europa.eu/web/guest/candidate-list-table>.

Article 33 of REACH requires supply chain participants to communicate the presence of Substances of Very High Concern (SVHC) over 0.1% by weight in their products. SVHC are identified on the Candidate List by the European Chemicals Agency (ECHA).

We declare to the best of our knowledge, that all products and packaging material do not contain any SVHCs as of the June, 2018 Candidate List with the exception of the products listed in the attached table.

We will continue to review the current and future additions to the “SVHC list” and will immediately notify our customers if and when a SVHC substance above the 0.1% threshold level is discovered in our supplied products.

Mike Green
Product Manager

Company Name: Tech Products Corporation

Address: 2215 Lyons Road, Miamisburg, OH, 45069

Date: February 28, 2019
